**Re: Confidential Information,
MPSC Case No. U-11280 Compliance Filing**

FILED

Dear Ms. Wideman,

Attached please find the modified confidential cost studies and associated workpapers that are being filed in compliance with the Commission's Opinion and Order issued on July 14, 1997 in the above referenced case.

This information constitutes trade secrets and commercial or financial information which cannot be disclosed to unauthorized persons without the consent of Ameritech pursuant to Section 210 of the 1991 PA 179, as amended by 1995 PA 215.

Should you have any questions, please feel free to call.

Very truly yours,

A handwritten signature in cursive script, reading "Kelly Ann Fennell".

Mr. William J. Celio
Director-Communications Division
Michigan Public Service Commission
6545 Mercantile Way
P.O. Box 30221
Lansing, MI 48909

Advice No. 2683

Dear Mr. Celio:

The attached three (3) sets of tariff sheets are sent to you for issuance and filing, as authorized in the following Commission Order:

Case No. U-11280, Order dated July 14, 1997
Tariff M.P.S.C. No. 20R
Number of Sheets
266

The attached tariff sheets are being issued in compliance with the M.P.S.C.'s July 14, 1997, order in Case No. U-11280, for unbundled network elements, number portability, and interconnection. In filing this tariff, Ameritech Michigan expressly reserves any legal rights it has to challenge the validity of: (1) the Commission's orders in Case U-11280; (2) the attached tariff filed pursuant to the U-11280 orders; (3) any other Commission order approving an interconnection agreement which has any rates, terms, or conditions based in whole or in part on the U-11280 orders; and (4) any interconnection agreement which has any rates, terms, or conditions based in whole or in part on the U-11280 orders. Such legal rights include, but are not limited to, the right to seek federal or state judicial review.

Also included is a Word for Windows Version 6.0 diskette file copy of the tariff sheets.

PART 19 - Unbundled Network Elements and Number
Portability
SECTION 1 - General

Original Sheet No. 1

1. GENERAL

A. DESCRIPTION

Unbundled Network Elements and Number Portability are only available to telecommunications carriers for use in the provision of a telecommunications service as specified and to the extent required by the Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) ("the Act") and the rules and regulations of the Federal Communications Commission and the Michigan Public Service Commission.

This PART applies to Unbundled Network Elements and Number Portability provided by Ameritech Michigan hereafter referred to as the "Company."

General Regulations as found in PART 2 of this Tariff apply to this PART unless otherwise specified in this PART. The term "customer," which appears in the Part 2 General Regulations, is the equivalent of the term "telecommunications carrier" as defined by the ACT and used in this PART (sometimes referred to herein as Carrier). Any references in this Part to service descriptions contained in other Parts of this Tariff shall include all definitions. Unless expressly provided to the contrary herein, however, such references do not incorporate the terms, conditions, or rates and charges contained in the referenced material. Where service descriptions use the terms "customer" or "subscriber," such terms shall be deemed to mean:

- "Telecommunications carrier" (as defined in this Part) when the context concerns ordering service including requesting repair, including authorization for the dispatch of service technicians to the telecommunications carrier's end-users premises and performance of any premises work; and billing responsibility for the provision of service ordered by telecommunications carrier, and the use, activation, or premature termination of service by telecommunications carrier.
- "Telecommunications carrier's end-user" (as defined in this Part) when the context concerns the definition of: the service location (premises); the configuration and sizing of the telecommunications system, or network, including any aspects or capabilities of service, or how it is used, activated, or accessed.

PART 19 - Unbundled Network Elements and Number
Portability
SECTION 1 - General

Original Sheet No. 2

1. GENERAL (cont'd)

A. DESCRIPTION (cont'd)

This PART contains a schedule of rates and regulations applicable to Unbundled Network Elements and Number Portability. Currently the following types of Unbundled Network Elements and Number Portability are available:

Unbundled Loops	- Section 2
Unbundled Local Switching	- Section 3
Vacant	- Section 4
Unbundled Tandem Switching	- Section 5
Number Portability	- Section 6
Unbundled Directory Assistance	- Section 7
Unbundled Operator Services	- Section 8
Access to SS7	- Section 9
Access to 800 Database	- Section 10
Access to LIDB Database	- Section 11
Unbundled Interoffice Transport	- Section 12
Vacant	- Section 13

The unbundled network element services provided in this section are exclusively for use by "telecommunications carriers." The Company will provide sufficient unbundled network element capacity to meet the requesting telecommunications carrier's network unbundling needs where sufficient capacity exists within the switch and is technically feasible. Where insufficient capacity exists to meet the requesting telecommunications carrier's technically feasible network unbundling needs, the telecommunications carrier may request that additional capacity be added via the "Bona Fide Request" Process.

A "Bona Fide Request" (hereafter referred to as BFR), as referenced in this tariff, is a telecommunications carrier's written request to the Company to provide:

- a service not currently offered in the tariff,
- a different level of quality of a service than that Ameritech Michigan currently provides to itself, or
- a customized service for features, capabilities, functionalities or unbundled network elements not currently otherwise provided under the tariff.
